

MADHUVAS

Sharbat Vasac

Composition :

Each 100 ml Madhuvas syrup contains extract of Vasac (Adhatoda vasica) 5.0 gm, Thankuni (Centella asiatica) 20 gm.

Description :

Adhatoda vasica Contains alkaloid vasicine which has expectorant qualities so it is useful for bronchitis and other chest conditions of upper respiratory tract. The soothing action of vasac helps irritation in the throat and the expectorant action helps loosen phlegm deposits in the airway and expels it out. Honey reduces mucus secretion and cough.

Indication :

- Cough
- Dry Cough
- Bronchitis
- Chronic lung infection
- Rhinitis
- Flu & headache
